Application for a Travel Grant Support for international conference trips for postdocs

I. Purpose of the funding

LMU Munich aims to provide ideal research and training conditions for outstanding early-career researchers with its Institutional Strategy LMUexcellent that was successful in the third funding line of the Excellence Initiative. In particular, LMU seeks to improve the career development prospects of early-career researchers. Until further notice, LMU will support the academic networking of postdocs by funding their participation in international conferences.

The call is directed at all postdoctoral researchers of LMU who have gained no more than three years of professional academic experience since having completed their doctorate. LMU fosters a culture of internationality, diversity, and equality of opportunity and therefore strongly encourages all postdoctoral researchers to apply.

II. Funding scope

LMU provides travel grants for the participation in international conferences and workshops with a poster, talk, or accepted paper (travel and accommodation expenses, conference fees). Individual applicants may apply for funding for one conference trip per calendar year. The actual costs of the conference trip will be reimbursed to the maximum amount of **€ 5.000**.

The University Governing Board will review the Travel Grant Scheme on a regular basis and decide on its long-term continuation as well as any necessary modifications.

III. Application

Applications may be submitted in German or English on a continuous basis. All applications must be submitted via the Dean of the respective faculty (by email to excellent@lmu.de) and include an email by the respective chair/research group leader confirming his/her approval of the trip.

Please include the following information in your application (one PDF file):

- Short summary of the conference contribution
- Confirmation of acceptance of the poster, talk, or paper
- General cost estimate
- CV of the applicant
- Doctoral degree certificate

IV. Selection procedure

The University Governing Board will decide on the approval of the submitted applications.
